COMMENTS FROM THE TOWN MANAGER'S OFFICE

The warrant for town meeting has seventy articles this year. That is 14 more than the warrant for the town meeting last year. The budget committee plans to have an article in the paper next week to explain the reasons for the recommendations of the committee. I would like to briefly explain two of the articles that were not presented to the budget committee because the articles do not require money appropriations.

One article is an ordinance to relieve the town of liability from sewer damage where the home or business sewer line is not properly trapped, before it enters the town sewer. State law holds the municipality liable when a sewer plugs and backs into a cellar and damages private property. This ordinance would relieve the town of liability if the sewer line was not trapped. Many homes already have the traps. The law does not require every home or business on the sewer line to have a trap but there must be a proper trap before the town is liable for damages.

There is also an article to allow the selectmen to have a sewer study made. The study is made to determine the best way to collect and treat the sewage from Bethel that pollutes the river. The study is financed by an interest free loan from the Federal Housing and Home Administration. The money is repaid when the treatment facility is constructed. Bethel is the last town on the Androscoggin River to undertake such a study.

Plans and specifications have been proposed for a Fire Station and Community Room and Town Offices. I believe there will be pictures in the Bethel Citizen and at the post office next week and I hope an explanation of the proposals in the warrant for town meeting.

MT. ABRAM SKI CLUB TO MEET SATURDAY

Big doings are planned for Saturday evening at the Mt. Abram Ski Lodge, Locke Mills, starting at 6:30 p. m. with an oyster stew supper, followed by a style show with ski apparel and equipment from the Ski Log Ski Shop. All Ski Club members are urged to bring their bowls and spoons, energy and ideas.

Miss Alice Capen is gaining from a recent illness.

BETHEL WINTER CARNIVAL JUST FOUR WEEKS AWAY

With the Greater Bethel Chamber of Commerce Winter Carnival now less than four weeks distant, each committee member is down to business trying to figure how to get everything done as it should be.

No reports to offer this week on the Family Racing, but Ernest Angevine has the schedule for the Snow Vehicle racing pretty well along. In case some may not know it, the raceway will be off Vernon Street, Saturday, March 13. Ernest plans to have registration from 8:30 to noon that day, with registrations taken in advance, as much as possible.

At noon, registrations close, and operations halt until the four races begin at 1 p. m. He plans two men's and two women's events. Naturally, he can not do this job alone, so let's have some volunteers to join his cause.

Now, the posters are ready for distribution, and the cooperation on this job has been pretty good, but it would be appreciated if anyone going down the line toward Bridgton and Fryeburg, would take along a few to leave in strategic places.

The posters are in the hands of Claus Wiese, and Natalie Timberlake, in case anyone can offer to help on this.

In response to an invitation extended several surrounding ski areas to light an answering bonfire, there has been one, from John Christie, at Sugarloaf. He hopes to be too busy that week end but sends congratulations, anyway, for which we are grateful.

It is a fine idea the Eleanor Gordon Guild to sponsor a spaghetti feed on March 12, the Carnival opening night. Gives them a chance to boost their treasury, and gives many a chance to get over to watch the Gould carnival coronation and our own events without having dishes to wash.

And—Mike Thurston has the exciting news that the "entertainment" advertised for Saturday night, March 13, will be a fine Jim Farnsworth ski movie.

Scott, Supervisor of Reading, Bennington, Vt.; Mrs. Villa H. Quinn, Elementary Supervisor, State Department of Education; William Logan, Commissioner of Education. On the ex-

treme right, Horace Maxey, of Bethel, Superintendent of School Union No. 22, and in back is Ralph Ryder, Supervising Principal of the Bethel schools.

HEALTH COUNCIL DIRECTORS ENDORSE TOWN PLANNING

Considering the long term future problems of Health conditions especially sewage disposal, suitable Housing and Business accommodations (zoning), Educational Development (Area schools), and Expansion of the General Welfare (services and esthetics), the directors of the Bethel Health and Service Council are in agreement in supporting the proposed Town Planning recommendation of the Budget Committee in the interest of maintaining the recognized high quality of our Town.

Mr. and Mrs. Robert W. Kirk of Providence, R. I., were week end guests of Mr. and Mrs. Edward Robertson and family.

berlake haven't started practicing on flipping pancakes, but will soon. As soon as we get more donations of essential ingredients. All in all, the carnival should be lots of fun, and we hope everyone keeps smiling, even before we see that funny, just for fun, parade which will be among the closing events at the ski areas on Sunday morning. But we need help.

The Week in Oxford County

The Seventh Day Adventist Church Dorcas Society, at Dixfield, reports that nearly \$500 was realized at Christmas time from the sale of their Christmas wreaths. This was their money-raising project of the year.

A short time ago a small group of World War II veterans of the 43rd Infantry Division attended a hearing of the Legislative Committee on Veterans and Military Affairs in support of a bill which would designate U. S. Route 2 in Maine as the 43rd Infantry Division Memorial Highway. Route 2 enters Maine from New Hampshire at Gilead and passes over considerable mileage in Oxford County.

Miss Donna Collins is named Dixfield Regional High School's 1965 Betty Crocker Homemaker of Tomorrow. She is now eligible for state and national honors.

All the towns of School District 21 which includes Dixfield, Canton and Carthage, are holding special town meetings today, Feb. 18, to vote by secret ballot on the proposed construction part of the budget.

ANDOVER-E. ANDOVER

— Mrs. Violet Swain, Cor. —

Eleven members of the East Andover Community Club met at the home of Mrs. Sylvanus Glover on Feb. 9 for the regular monthly meeting with Mrs. William Simmons Jr. as co-hostess.

Mrs. Simmons presided at the meeting in the absence of the president. Reports were read and accepted. It was noted that cards had been sent out to Caleb Smith and Mrs. Lavina Danforth. Discussed serving a public supper in April. The secretary will make contacts. Mrs. Linwood Averill received a gift package. The March 9 meeting will be at the home of Mrs. Robert B. Swain with Mrs. Robert Shafer as co-hostess. This will be a hot tasting party. Meeting adjourned and mystery sisters exchanged Valentine gifts. A personal gift was given by the members, to Mrs. Robert Hall. Others attending besides those mentioned were Mrs. Everett Farrington, Mrs. Craig Andrews, Mrs. Ross Brown, Mrs. Sidney Jones and Mrs. Orville Meisner. Mrs. James Sennett Jr. was a guest.

Dawn Brown is confined to her home with the measles.

Mrs. Ross Brown entertained Feb. 6 in honor of her son, Martin's, third birthday. Invited guests were Mrs. Russell Veeder and Mike; Mrs. Craig Andrews, Andy and Heidi; Mrs. Theodore Conrad, Glenn and Grant; Mrs. David Stillman, Danny and Doreen; Mrs. Paul Richard, Paula and Daniel; Mrs. Daniel White, Patty, Jimmy, Danny and Roy; Dawn and Katrina Brown. Mrs. Robert Shafer assisted Mrs. Brown. Games were enjoyed and refreshments were served.

Due to slippery highways, schools in town were closed on Feb. 8.

Mrs. Margaret Hall entered the Rumford Community Hospital on Feb. 7.

Deputy Sheriff Arthur Myshra received word on Feb. 11 that his mother, Mrs. Arlene Myshra, Brewer, fell and broke her knee. Her address is 2 First Street. She formerly lived in Andover.

Elementary grades held Valentine parties in their rooms on Feb. 12.

Schools will close on Feb. 19 for the mid-winter vacation, reopening on March 1.

Rodney, 14 year old son of Mr. and Mrs. Robert B. Swain, participated in the New England Ski Meet at Conway, N. H., over the week end, as a member of the Gould Academy jumping team.

Townpeople were saddened on Feb. 11 to hear of the death of Mrs. Mary Howard of Rumford, formerly of East Andover. She was 94 and had been an

honorary member of the East Andover Community Club since 1954.

Mrs. Roger Favreau, Bethel, formerly of Andover, is a surgical patient at the Mary Hitchcock Hospital in Hanover, N. H.

Slides of the missionary work of the Bill Calls were shown Feb. 14 for the public at the East Andover school house sponsored by the Conquerors Youth Fellowship.

The Congregational Church members met at the church on Feb. 11 for a meeting. It was resolved that a delegate would attend funeral services on Saturday for a church member, Mrs. Mary Howard. She had been a member since 1891. Voted to call Rev. Carl Kingsbury, Rumford Point, to serve at the

Andover Congregational Church as pastor for one year. While Rev. Kingsbury is vacationing in Florida the pulpit will be occupied on Feb. 14 by the Laywomen of the Rumford Point Congregational Church; Feb. 21 by the Laymen of the Rumford Point Congregational Church and on Feb. 28 by the Laymen of the Andover Congregational Church. A committee of three, Mrs. Ira Bodwell, Waldo Merrill and Victor Akers, assisted by Rev. Kingsbury, submitted a tentative set of by-laws that were discussed and some changes made.

Reports are that chicken pox, mumps and measles are circulating among the children in town.

Mrs. Wilbur Chenery and Mrs. Linwood Averill were co-

hostesses at a personal shower for Mrs. Robert Hall at the Chenery home at East Andover Feb. 11. Attending were Mrs. Paul Richard and Mrs. Victor Richard of Roxbury; Mrs. James Bodwell, Mrs. Robert Shafer, Mrs. Linwood Tucker, Mrs. James Sennett, Sr., Mrs. Freeman Farrington, Mrs. Stephen Hall, Mrs. Leon Akers, and Miss Marilyn White. Others sent gifts. Refreshments were served including a shower cake.

On Feb. 14 the Andover Congregational Sunday School attendance of 60 had opening exercises at the church and then went to the Town Hall for a Valentine party. Included in the entertainment was a sketch "Resisting Temptations" by Mr. and Mrs. Waldo Merrill, Roger Mills Sr., superintendent

of the Sunday School. Crystal Campbell, Joan Richardson, and Christine Coolidge sang "Just As I am" followed by group singing. There was an exchange of Valentines from the teachers to the pupils. SORE THROAT

Sore throat is nature's warning system that something in your body is out of order.

Often a sore throat accompanies a common cold and the sore throat passes in a few days with no further effect. But, says Today's Health, the magazine of the American Medical Association, sore throat also can be the symptom of any of a wide range of diseases, from diphtheria to leukemia, that require your doctor's skill, not your guessing, to diagnose.

Sometimes tonsils and adenoids are involved in causing a sore throat, and when these organs cause trouble they frequently are removed. Tonsillectomy removals account for half of all operations performed on children. Today's Health reports. Sometimes the surgery helps prevent sore throat, sometimes it doesn't.

Allergies can cause sore throats. Cold, dry winter air can trigger it. So can extreme thirst, excessive smoking or mouth breathing. Anything that dries out the throat and cuts off secretions that normally wash dust away.

Virus infections of many types also are a cause of sore throat, and everyone who has had "flu" knows that this particular virus disease often causes the throat to hurt.

"Strep Throat" is a serious infection that occasionally leads to rheumatic fever and possible heart damage. It can be knocked out with penicillin, if it is diagnosed in time.

The crucial diagnostic test in sore throats is the swab test in which the germ causing the trouble can then be identified.

There is little or nothing you can do to cure a sore throat at home, says Today's Health. There are medications which bring temporary easing of the discomfort but the cure must be launched by your physician. The best money you can spend if you get a sore throat is the dime it takes to call your doctor.

CARD OF THANKS

We wish to thank all of our friends in Bethel, Bangor, Liver and Newry, for the nice cards and letters to Bill while he was in the VA hospital in Togus, and for all the kind things done for me while I was alone. Special mention for our mail man, Roger Mills. Sunday River care takes care of their old folks. It will never be forgotten.

CLICKS FOR HEART FUND

AMERICA'S YOUNGEST HEART FUND VOLUNTEER is 2-year-old Theresa Mazzari, shown with her surgeon, Dr. George Robinson of New York's Montefiore Hospital, who implanted a ball-in-cage plastic valve (like the one shown against ruler in inset) inside her heart to replace one that was too small to carry blood from one section to another. She's the world's youngest beneficiary of heart valve replacement surgery, and, understandably, an all-out supporter of the 1965 Heart Fund Campaign. The valve, implanted when Theresa was 10 months old, clicks audibly with each heart beat. That's music to Dr. Robinson's ears.

FIRE HOUSE DECISIONS

Continued From Page One

Article 50. To see if the town will vote to spend an amount not exceeding \$1,000.00 for architectural drawings and specifications as proposed by the Fire Station Study Committee, said sum to be taken from Capital Improvement Account and to authorize the selectmen to appoint five citizens, who with the town manager and fire chief will form a committee of seven to take the necessary steps to procure drawings and specifications for the purpose of a Fire Station.

Town meeting of 1963 voted YES on both articles.

Town Report—1963

Article 45. To see if the town will vote to appropriate the sum of \$5,000.00 from surplus for the Capital Improvement Account for construction of a fire station.

Town meeting of 1961 voted YES.

Article 46. To see if the town will vote to build a new fire station in 1964 and authorize the selectmen to supervise the construction or appoint a building committee, the selectmen to take the action they feel is best for the town.

No vote was taken on the above article (46) the reason being that no drawings and specifications had been prepared by the committee appointed under Article 50—Town Meeting 1963 although the duties of said committee were plainly stated in the same article (50).

In the summer of 1964 a new committee of three was appointed.

Joseph Lawrence, Kenneth Islinger, the young soldier from Bingham who was killed in Viet Nam, was the brother of Kathryn Russell's nephew, Maurice Belonger, of Oquossoc. He was the fifth oldest in a family of 13 children.

The Methodist Church Council met Saturday evening at the church with a pot luck supper. Burdick Pierce showed movies of the latest project at the Earth Satellite Station in Amherst. The committee for the March meeting is Mr. and Mrs. Stanley Brown, Mr. and Mrs. Donald Walker, Mr. and Mrs. Richard Stevens.

pointed by the selectmen to assist them (the selectmen) in locating and recommending an architect who would and could meet their terms of operation if appointed. The architect suggested by the committee met with the selectmen and was given the job.

Editor's Note: The foregoing summary is offered in the hope that it will dispel any doubts in the minds of a few citizens that the proposed fire station location was selected arbitrarily by a committee. The actual selection of the site was brought about by a town meeting vote based on the careful and logical recommendations of the Study Committee.

WINTER ROBINS

A robin sitting on a snowbank is no harbinger of spring, according to Christopher M. Packard, Director of the Maine Audubon Society. Every year the Society receives many reports of robins during the midst of winter. Their presence in Maine at this season is not unusual. It is believed these are robins that have come south from further north. The robins that nest about our homes in summer have left the state and will not return until late March.

Winter robins find plenty to eat in our woods and along the coast. They will feed upon native berries such as they bayberry, viburnums and rosehips. Persons with shrubs that keep berries well into the winter are often rewarded with the presence of robins close to their homes throughout the season. Robins seldom take food at a feeding station, but the Society recommends trying bits of apple, raisins, cherries, and perhaps even cooked spaghetti. Water in winter, would be as welcome as it is in summer. Small heating cables are available that will keep a bird bath open despite the worst the temperature can do. Some people add glycerine to the water to keep it from freezing.

Generally, robins are content to forage for themselves and can withstand our winter weather, especially if there are dense evergreens in the area in which they can seek shelter for the night.

1964 ACP PARTICIPATION

More farmers in Oxford County participated in the 1964 Agricultural Conservation Program than in any other ASCS activity, it was reported by William C. Chapman of the ASCS County Committee.

A total of 337 cooperated in this important program, usually referred to by its initials—ACP.

Funds for the cost-share program are provided in recognition of the fact that soil, water, and related natural resources "are vital to the health and well-being of our citizens, both now and in the future," the Chairman pointed out.

Practices carried out in Oxford County included seedling; liming; sod improvement; tree planting; woodlot improvement; mulching cropland; farm ponds for livestock or irrigation and wild life; land leveling and other drainage projects.

"ACP," Chairman Chapman said, "is a cost-sharing program with a number of benefits, but one where the farmer might have a hard time putting up the entire sum needed. The Government, therefore, comes in with a 'cost-share' which makes

it possible for him to participate in this worthwhile activity with some financial help. Nationally, over two million farmers regularly participate, showing what wide acceptance this program has."

WISH we could say that about germs and ailments. When illness or disability occurs, we are here to serve you with drugs, prescriptions and sickroom supplies.

For most children measles is certainly distressing and inconvenient. But for some, it can be serious and even tragic. In fact, one child in every six who gets measles develops a secondary bacterial infection such as pneumonia or ear infection. (Most infections, of course, respond to your doctor's care.)

In about one case in 1,000 measles causes inflammation of the brain—encephalitis—an infection for which there is no specific treatment. In some of these children encephalitis causes only temporary changes; in others there is permanent damage such as mental retardation. And, some do not survive.

In 1962, for example, 468 children in the United States died from measles. (Since the conquest of polio, measles causes more deaths than any other common disease of childhood.)

Even when measles is apparently mild, it may accentuate certain problems such as bed-wetting, thumb-sucking, poor school work or tantrums.

If your child hasn't had measles why take any chances? Measles is now preventable, along with other serious and common childhood diseases, through vaccination. Don't wait for your child to catch measles... 9 out of 10 unprotected children will. Call your doctor now about vaccination against measles.

The American Medical Association, Bosserman's Pharmacy, the American Academy of Pediatrics, the American Academy of General Practice, the American Osteopathic Association and the U. S. Public Health Service urge all parents to consult their physicians about measles vaccination for their children.
